

Moodle Mobile - The official mobile app for Moodle

<https://download.moodle.org/mobile/>

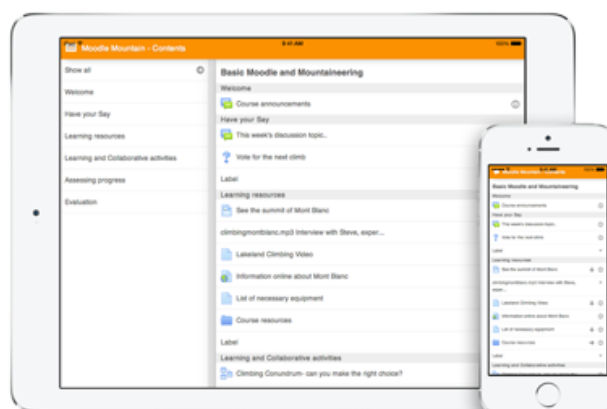

Moodle Mobile

Moodle Mobile is the official mobile app for Moodle.

- Browse the content of your courses, even when offline
- Receive instant notifications of messages and other events
- Quickly find and contact other people in your courses
- Upload images, audio, videos and other files from your mobile device
- View your course grades
- ... and more!

See the [Moodle Mobile documentation](#) and [Moodle Mobile release notes](#) for all the latest information.

Easy to use, and keep track of all your courses right on your own device!

1. Install Moodle Mobile from your device's app store
2. Type in our web address, **moodle.centraisussex.ac.uk**
3. Enter your login details - username and password

1. Install the Moodle Mobile app using your phone/tablets app store

Connect to Moodle

Please enter the URL of your Moodle site.
Note that it might not be configured to work with this app.

Site address

moodle.centraisussex.ac.uk

The screenshot shows the Moodle mobile app interface. At the top, there's a status bar with icons for signal, Wi-Fi, and battery (62%), and the time 10:01. Below that is an orange header with a user profile icon and the text "HH Student Central Sussex College - Ha...". To the right of the header is a hamburger menu icon and the text "Site home". The main content area is divided into two columns. The left column is a navigation menu with icons and labels: "My courses", "Site home", "Notifications", "Calendar events", and "My files". The right column shows a "Site" header and a "Noticeboard" section with two notices: "New York Trip 2017" and "Food and Drink in Class Rooms".
